

DETAILS

Altus Basic is the most easily affordable model of the Altus high chassis field sprayer family. Altus Basic models, which are produced as standard with 2000 and 3000 lt fiberglass tanks, can be equipped with optional features according to needs and can be used easily on all kinds of rough terrain with their high wheels and ergonomic chassis. Attaching to the tractor is very easy due to its adjustable frame depth. These series are optimum for plant protection process such as herbicide, pesticide, fungicide etc. Also for the sprayers, hoses and spray guns are attachable.

Altus Basic are offered to our customers with 12-16-18 mt mechanical or hydraulic spraying boom sets and they will serve you for many years with its solid structure, sandblasted chassis and powder coating made with the latest technology, as in all our other spraying machines.
