

# DETAILS

Alisa model mechanical planters are produced with a simple logic as an alternative to pneumatic planters to plant corn, sunflower, cotton, sugar beet, soybean, peanut, chickpea. Machine has coulter type planting units and models are ranging 2-4-6 and 8 rows. Alisa mechanical seeders are offered for sale with or without fertilizer system. The machine, which is connected to the tractor with the 3 point linkage system, works with a mechanical system that takes the movement from the wheels. Planter is one of the best ideal solution for precision planting.

## Alisa MECHANICAL PLANTER
